TRANSMISSION OIL

DESCRIPTION

This is a high quality transmission oil, suitable for nearly all manual gearboxes of passenger cars. It is especially suitable as a replacement for specific OEM original oils and reduces the complexity and storage of gearbox oils. Tested under strict conditions, this oil satisfies the general performance requirements of most car makers and models, in all weather conditions.

PROPERTIES

- Excellent activity against high temperature load
- Very strong activity against wear, corrosion and foam
- Low pour point
- Very special extreme pressure properties
- Widely usable
